

Comparative Value Guide

Primary General Liability (GL) Coverage

Since United Educators' (UE's) founding in 1987, our focus has been exclusively on education and finding new ways to meet our members' insurance coverage needs, manage risks, and efficiently resolve claims. When it comes to liability insurance, UE offers broad coverage. Use this checklist to compare the value and benefits of UE's primary general liability (GL) coverage with alternatives you might be considering.

First, review the coverage and value of UE's policy. Next, determine if alternative options provide the same comprehensive benefits. Any gaps in coverage or value by the other carrier represent a potential liability. If it is unclear how another policy may respond, ask that carrier's Underwriter to state the coverage position.

Discuss your comparison with your UE representative at any time. We're here to help.

Tip: Proper oversight and risk mitigation strategies must be in place when adults have regular or unsupervised access to minors. Ask your UE representative for *Checklist: Protecting Minors on Campus From Sexual Misconduct — Managing Campus Contractors and Student Educators*.

International Travel

- Institutionally sponsored overseas trips
- Limited non-owned auto liability in foreign countries
- Semester or year abroad programs

Yes

Yes

Coverage note: Many general liability policies cover claims that occur overseas, but require that the suit be brought in the U.S. or Canada. UE has no such restrictions and has defended suits overseas by foreign nationals alleging negligence by students or faculty abroad. As students and faculty travel abroad with greater frequency, the institution's exposure for a foreign suit increases.

Tip: Short-term international programs are frequently organized just before departure by faculty with limited knowledge of the potential risks. Ask your UE representative for *Checklist for Higher Ed Administrators: Managing Study Abroad Programs*.

Pollution arising out of:

- Collision or overturning of an automobile
- Damage to neighbors' person or property from above-ground escape of pollutants
- Application of chlorine to swimming pools by licensed professionals
- Fumes from laboratory accidents
- Pesticide and herbicide applications by licensed employees
