Submitting Claims on UE.org

UE members can submit claims via <http://www.ue.org/report-claim>. Submitting claims online is easy, secure, and ensures your claim will be assigned to our Resolutions team so we can begin working with you on next steps as soon as possible.

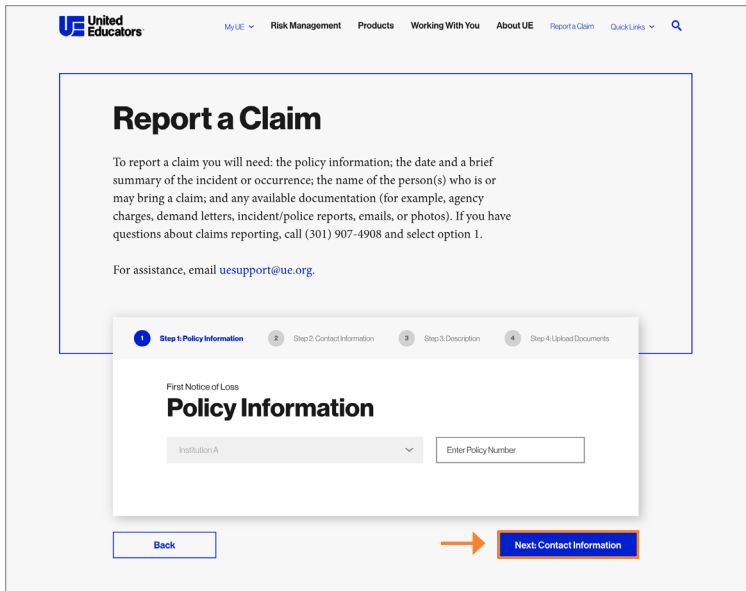

- 1 Click “Report a Claim” in the top right navigation of our website.
- 2 Sign in to save time. That way the form already will include information from your profile. You also can file a claim without signing in.

Reporting options include:

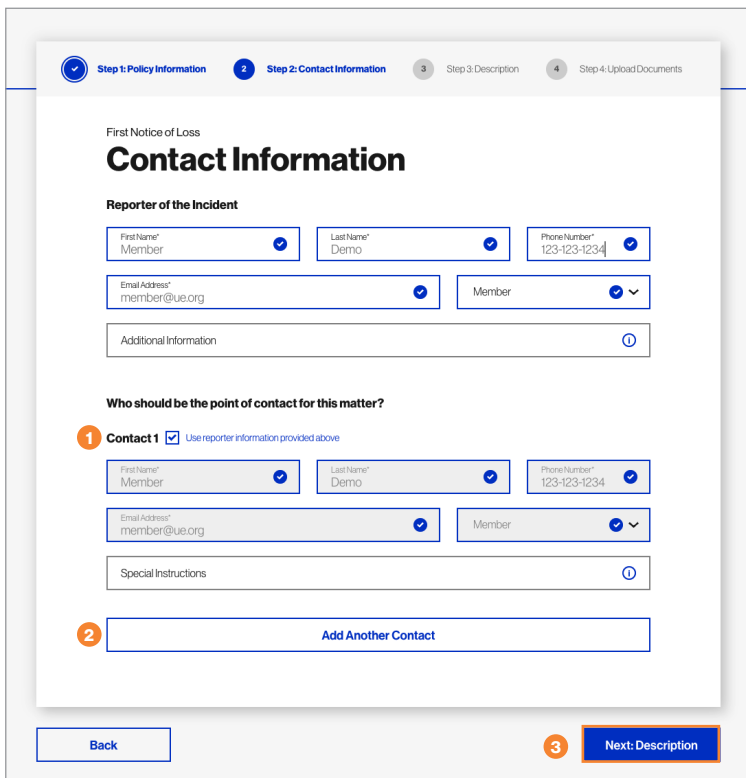

- 3 “Claim,” for submitting a first notice of loss (FNOL) for your UE policy
- 4 “Notification Only,” for notifying us of an incident that isn’t likely to result in a claim
- 5 “ProResponse®,” for requesting professional services to aid in responding to a crisis

Option A: Claim

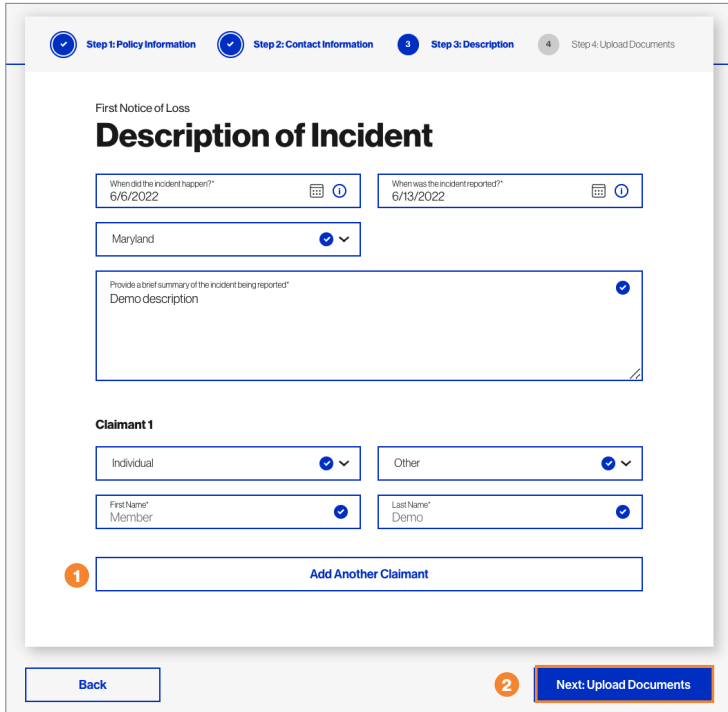

Click on “Claim” to report a FNOL.

You will need to enter either the policy number or institution name related to the claim you’re reporting. If you’re signed in, this information will prefill for you to select. Click “Next: Contact Information.”

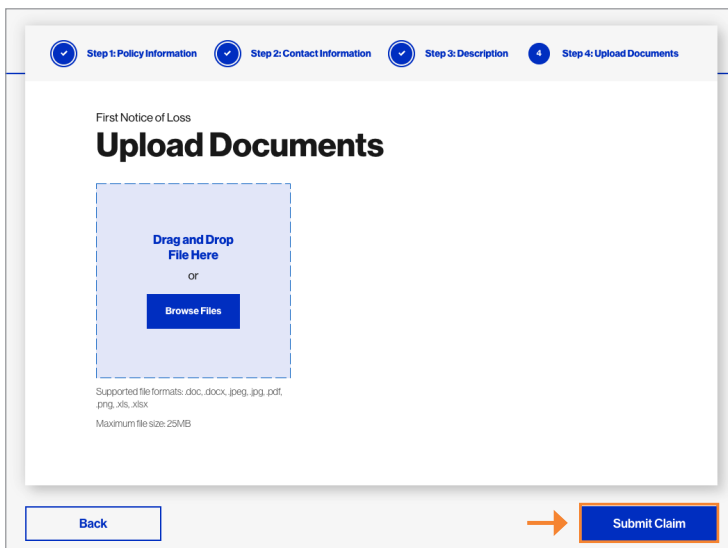

On the Contact Information page, fields marked with an asterisk are required. If you’re logged in, the reporter information at the top will be pre-filled from your profile. You can either check the box to use the reporter information as the point of contact for the claim matter (1) or fill in details for another point of contact for this claim. If there’s an additional point of contact, click “Add Another Contact” (2).

Click “Next: Description” (3).

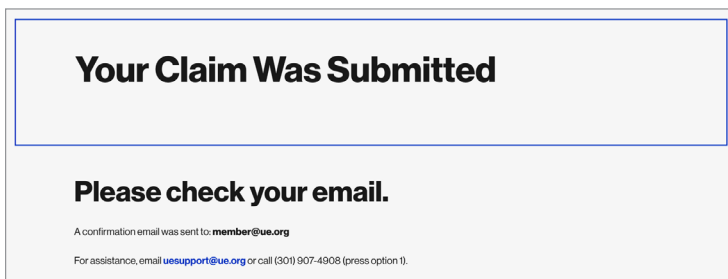

When describing the incident, complete the mandatory fields at the top of the page and provide claimant information. If there are multiple claimants, click “Add Another Claimant” (1) to provide additional information.

Click “Next: Upload Documents” (2). Note: That button won’t display unless you’ve completed all required fields.

Upload claim-related documents such as incident or police reports, demand letters, agency charges, emails, or other pertinent information. Ensure the file format and size meet the requirements we list on the page.

Click “Submit Claim.”

This takes you to the confirmation page. You’ll also receive a confirmation email.
