

# Medicare Reporting

For each primary general liability and educators legal liability claim, we request that claimants provide:

**Full legal name**

**Date of birth**

**Gender**

**Social Security number**

**Medicare Beneficiary Identifier (MBI)**

This enables United Educators (UE) to meet our reporting requirements under the Medicare, Medicaid, and SCHIP Extension Act (MMSEA). Section 111 of the MMSEA sets forth mandatory notice and reporting requirements under the Medicare Secondary Payer Statute relating to liability and no-fault cases.

As of Jan. 1, 2010, Section 111 placed an affirmative obligation on UE to determine if a plaintiff/claimant is a Medicare beneficiary and notify Medicare of settlements, judgments, awards, or other payments to or on behalf of Medicare beneficiaries. The penalty for failing to report any settlement, award or payment to a Medicare beneficiary is severe. Therefore, UE must have the requested information to verify a claimant's Medicare status and comply with the reporting obligations provided by Section 111 before issuing any payment.

**If you need additional information on Section 111, please review the attachment and visit the [CMS website](#).**

For more information, visit [www.ue.org](http://www.ue.org) or call (301) 907-4908.

This document is intended to provide a general summary of United Educators' products and services. The information contained in this document does not amend, alter, or extend any policy of insurance. For a complete understanding of the coverage available, please consult the terms, conditions, definitions, and exclusions of the insurance contract issued by UE, which solely governs the insurance coverage available. Please be advised that all products and coverages referenced herein or provided by UE may not be available in all states or to all educational institutions.
